

An abstract painting of a beach scene at sunset. The sky is filled with swirling, wavy lines in shades of blue, purple, and pink. The water is a mix of blue and purple, with small white circles representing foam or reflections. In the foreground, there is a sandy beach with several pieces of driftwood and some small, colorful objects. The overall style is expressive and painterly.

# About Our Commissions

An *Eileen Nicolina* commissioned painting is a collaborative process in which I create a custom, original acrylic painting specifically for you. You may come with a clear idea of what you're looking for, or simply a general direction — both are welcome.

Commissions are available in any size you choose and across a range of subject matter, including nature, florals, landscapes, house portraits, architecture, street scenes, body portraits, and abstracts. Each piece is created through a thoughtful balance of your idea and my expressive artistic style.
